**RE: IMMEDIATE PIPE & FITTINGS PRICE INCREASE**

Dear Tyler Pipe distributors,

As you are all painfully aware, our industry is experiencing unprecedented costs increases this year. Here at Tyler, we are no exception. We continue to receive large price increases in raw materials and other operating costs. We have absorbed as much of these increases as we possibly can and must raise our prices effective immediately.

In the past we have provided allocation to help our customers, but with such high inflation and rapid increases, we cannot continue to do so. There will be NO allocation on new orders and there will be NO price protection.

As of today, November 19, 2021 we will have a 9.5% increase on all products. We understand this isn't ideal for anyone, but it is unavoidable. This increase will apply to 100% of all new orders in 100% of the U.S. markets.

Your Tyler Pipe regional sales manager will be contacting you to answer any questions you may have.

LP-DWV Jan 2022 List Price is posted on our website.

We appreciate your business and look forward to a mutually successful future.

Respectfully,

Sterling Bowman  
Vice President of Sales  
Tyler Pipe Company  
McWane Plumbing Group
