RE: REVISED - PIPE & FITTINGS LIST PRICE INCREASE

Dear Tyler Pipe Distributors,

Due to skyrocketing cost increases in raw materials, Tyler Pipe must revise its previously announced April 1, 2022 list price increase up to 15% (Previously 9%). In this extraordinary inflationary environment, our costs are going up daily. Our goal is to only pass on cost increases that are beyond that which we can reasonably absorb.

Allocation remains the same. We have provided 1 month of allocation based on your annual tonnage. All orders placed on or after April 1, 2022 will be at the revised April 2022 list pricing. Any orders placed before April 1, 2022 that surpass your allocation amount will be at revised April 2022 pricing. All orders are for immediate release.

Revised April 2022 List Prices will be posted on our website as soon as possible.
